

The screenshot shows a UML diagram and a web application interface. The UML diagram consists of two classes: `Brayan Sebastian Cnlio Vega` and `Alex Dario Cuzco Yamasco`. The `Brayan Sebastian Cnlio Vega` class has attributes `nombre`, `cedula`, `telefono`, `correo`, `password`, and `rol`. The `Alex Dario Cuzco Yamasco` class has attributes `nombre`, `cedula`, `telefono`, `correo`, `password`, and `rol`. There is a directed association from `Brayan Sebastian Cnlio Vega` to `Alex Dario Cuzco Yamasco` with the role `usuario`. The web application interface is a "Tax Calculator" form with fields for "Current Tax" and "Value", a "Tax" dropdown, and "Calculate" and "Change Tax" buttons.
