

8. Eduardo David Garcia Romero

Parents Class
Dev: Eduardo David
García Romero

The screenshot shows an IDE with the following components:

- Project Explorer:** Shows a project named `ChildSystem` with packages `edu.ugm.chilid` and `edu.ugm.chilid.app`. The `ChildSystem` package contains `ChildSystem.java` and `ChildSystemApp.java`.
- Code Editor:** Displays the code for `ChildSystem.java`. The code includes imports for `edu.ugm.chilid.app` and `edu.ugm.chilid.app`. It defines a `ChildSystem` class with a `main` method and a `getChildSystem` method. The `main` method creates a `ChildSystem` object and calls `getChildSystem`. The `getChildSystem` method returns a `ChildSystem` object.
