1.	Presentation	8/10
2.	Interview	2/5

- This grade was mainly given because, in the online meeting, the participants can be heard but only one person is visible on camera (-3).

3. Project Definition   4.7/5

- When reviewing I saw that it did not specify more detailed technical information, for example what type of programming language they were going to use in the project. (-0.2)
- In several parts it extends too much and there was no brief
